

# Junior Full-stack software engineer (w/m/d), Berlin

BLOXXON AG is a provider of digital assets solutions and a pioneer in cryptoassets custody services. Our vision is to be the gateway between traditional and crypto finance. We enable financial institutions, corporations, and individuals to access, invest and manage digital assets conveniently. Become a part of our vision and change investing with us! Let's help anyone to jump into the crypto space!

## The Position

We are looking for a Junior Full-stack software engineer with great problem-solving skill, eager to learn and utilize blockchain technology to shape the future of financial world.

## Responsibilities:

- You will write, review and maintain code primarily in C#, net 5.0 and JavaScript (Angular, Typescript).
- You will collaborate closely with Stakeholders.
- You will coordinate with engineering and product leadership to define and prioritize projects that help us meet business objectives.

## Minimum Qualifications:

- 1 or more years of experience developing web applications/production software using C#, dotnet core, JavaScript or equivalent language
- Good understanding of testing principles and high-quality software
- Familiarity with DevOps best practices such as understanding of continuous integration & deployment as well as the ability to gather, analyze, debug and fix problems that occur with live production systems
- Experience with AWS services
- Good English communication skills

### Nice to Have:

- Experience with Terraform
- Experience with Elasticsearch
- Experience with Blockchain technology
- Experience with SQL, general database knowledge

### What we offer

- The unique opportunity to become part of a fast-growing FinTech
- Agile working in self-organised teams
- Development opportunities and freedom for your own ideas
- Varied, responsible tasks and flat hierarchies
- A motivated, tech-savvy and international team with a strong corporate culture right on the Ku'damm in Berlin
- An attractive salary
- Nice bright office, fruit basket, free drinks, good coffee as well as unforgettable team events

### Ready for a new challenge?

We look forward to receiving your application (including cover letter, CV and references as well as salary expectations and possible starting date) directly to: [jobs@bloxxon.co](mailto:jobs@bloxxon.co)
